GLEN ROCK A.C. OPENS SEASON WITH PASSAIC PROS TODAY

Johnny Faber's Ball Tossers primed to Get Off to Winning Start – Doremus Oval Scene of Conflict

After being rained out in their attempted start last week the Glen Rock A. C. will try to open the baseball season again today at Doremus Oval in Glen Rock when they take on the Passaic pros. The game will get under way at 3:15.

The Passaic team is a newcomer to Glen Rock fans but the word is going around that they possess a strong outfit. They have always done well in their own territory and they list very few set-ups on their schedule. In Pete Sudol they have a first class hurler and he is ably received by Bill Ross. The rest of the team is made up of veterans with plenty of experience and also in their favor is the fact that they have worked together for a number of years.

Johnny Faber is anxious to have his nine get off on the right foot with a win. Johnny knows that the fans like nothing better than a winning outfit and he is determined to grant them their wish. He has gathered together a powerful nine and should go places this season.

Bob Snyder will be the mainstay of the pitching staff as of yore with Frank DeGeeter as his understudy. The receiving end will be taken care of by Chick Gingerella.

The infield is a real powerhouse both defensively and offensively with Marty Shackleton on first, Eddie Del Favero at the keystone sack, Johnny Huber at short and Abe Banta at third. These boys are no strangers to Glen Rock ball fans and can be depended upon to give their best.

The fly-chasers who will take care of the outfield are Babe Hopler, Billy Saalfeld and Bill McEwan. Thee lads round a team that is potentially a tough outfit to overcome. It will be interesting to note how they compare with the other local semi-pro teams in their early season play.

[NOTE: Glen Rock won the game, 9-2]
